

ABOUT ME

HI, MY NAME

Mami Yamagishi Streett

Hi, I'm Mami — a California-based ceramic artist working in mid-fire / oxidation firing stoneware. My practice blends traditional Japanese aesthetics with a modern studio sensibility.

Every piece is wheel-thrown and finished in my Long Beach studio, inspired by the quiet beauty of wabi-sabi — the idea that imperfection and simplicity hold their own kind of grace. My dinnerware collections (Sky, Water, and Earth) draw their colors from the California coast and sky.

What started as a creative outlet has grown into a small business I'm building piece by piece, market by market. Thank you for supporting handmade work — I hope these pieces bring a little warmth and intention to your everyday table.
